Investment objective

Vanguard Diversified Balanced Index ETF seeks to track the weighted average return of the various indices of the underlying funds in which it invests, in proportion to the Strategic Asset Allocation, before taking into account fees, expenses and tax.

ETF overview

The ETF provides low-cost access to a range of sector funds, offering broad diversification across multiple asset classes. The Balanced ETF is designed for investors seeking a balance between income and capital growth. The ETF targets a 50% allocation to income asset classes and a 50% allocation to growth asset classes.
