

17 April 2020

Important notice to unitholders

Important information regarding Vanguard Wholesale and Retail funds

This is to advise that there will be changes in the sell spreads for a number of Vanguard's managed funds, effective immediately.

At Vanguard, we know that costs matter. We regularly review the cost of investing as part of our commitment to continually bring you high-value, low-cost investment products.

When you apply for or redeem units in Vanguard managed funds there are transaction costs known as buy/sell spreads. The spreads reflect the costs of trading today and cover the transaction expenses associated with the purchasing and selling of assets within the funds. They ensure that investors in the funds are not impacted by the costs generated by other investors buying or selling units. It is important to note that spreads are paid to the funds to cover the cost of trading and are not a fee paid to Vanguard.

Fixed income markets have recently experienced a marginal easing of the stressed market conditions and as a result, the cost of transacting has decreased. The outcome of our latest review has resulted in a reduction in sell spreads for a number of our funds due to the market activity described above.

What are the changes and when will they happen?

The new sell spreads will apply from closing unit prices on **17 April 2020 inclusive**.

	Old (%)		New (%)	
Wholesale Funds – Cash	Buy	Sell	Buy	Sell
